About MDMLG

The Metro Detroit Medical Library Group (MDMLG) is a professional membership organization for individuals interested in biomedical or health sciences libraries or medical informatics. The current membership represents hospital, academic, and special libraries and resource centers from the Southeastern Michigan region.

For more about MDMLG, please visit <http://www.mdmlg.org/about.html>

Past Meeting & Continuing Education (CE) Topics

Recent CE courses have included:

- *EBM Study Design and Critical Appraisal Skills*
- *Evaluating Research Articles in Scholarly Journals*
- *Technology Planning for Libraries*
- *Proving Your Worth: Professional, Business, and Political Tools*

Recent programming has included:

- *An Introduction to Systematic Review Automation Tools*
- *Making Libraries Accessible for All*
- *Viruses, Vaccines, and Variants*
- *Evaluating Public Datasets*

Student & New Member Mentor Program

The MDMLG Mentor Program provides students and new members with an opportunity to explore the field of health sciences librarianship.

By matching students and new members with practicing health sciences professionals, MDMLG offers real-life experiences in a variety of settings.

The MDMLG Margaret Danowski Student Scholarship Award

The MDMLG Margaret Danowski Student Scholarship is awarded to MLIS students interested in the medical or health sciences field of librarianship. The award encourages students to consider the health sciences librarianship courses and provides a monetary award and an invitation to the MDMLG Annual Summer Luncheon.

Applications are accepted beginning Sept. 1. The award will be announced October 31.
